

Dear Rep. Nicastro:

As one veteran to another, I am making a personal plea for your support for Veteran's ID Cards.

I am aware that you proudly served in the United States Navy and the Connecticut Army National Guard. I propose the following question to you, would you appreciate a 10% discount to places such as the 99 Restaurant, Lowe's or Home Depot to name a few? Do you currently have a Veteran's ID Card? Would you like to have one? Don't you think that thousands of veterans would appreciate an ID card? Who do you think would benefit the most from discount attributed to an ID card? The answer is the veterans who need it most and would be helped by discounts.

I am attaching a list of companies who offer discounts to veterans. Please, please consider this when the time for hearings come to fruition.

The concerns about cost of cards can be offset by a minimal fee of \$10.00. This will be realized in a short period of time as an excellent investment.

Think about it, this is a small payment to those who served our country proudly and honorably. It's time to recognize and give back to our veterans.

Thank You,
John J. Anzidei

I am sure you are not aware that most veterans are not eligible to receive ID cards from the Veterans Administration. I have attached a copy of the requirements for a VA Veterans ID Card. The requirements are very strict to include service related injury, medical care and income to name a few. However, many veterans do not qualify for a Veterans ID Card because they do not meet VA requirements. Because of the number of veterans requiring medical care in the last 20 years due to wars in the Middle East, the rules were changed in the last two years. Why is this important? Well, several companies and businesses are offering discounts to veterans- two of these are Lowe's and Home Depot. Both of these companies offer a 10% is countsts to veterans WITH AN ID CARD but will accept a Form DD-214 on Veterans Day, 4th of July and Memorial Day only. This is a significant discount that all veterans deserve. The reason given is that these companies need a photo ID card.

Take, for example, my brother who served in the Air Force from 1968 to 1972, my sister who served in the Navy from 1965 to 1969 they cannot get a veterans ID card. They do not qualify for VA benefits. I do because I am a retiree with a retired ID card from the military.

I will attach several counties, states and agencies who provide ID cards for all veterans. In fact, some charge a nominal fee and some are free. What I am asking is that you help to sponsor legislation to provide a State of Connecticut Veterans ID Card.

This can be done many ways: when a veteran files their DD-214 at the Town Clerk's Office, at State Armories, at the DMV (such as Georgia does) and many other agencies. In Georgia, a notation is made on a Driver's License after completing a form and providing a DD-214.

I know the State is in a budget crunch but by charging \$10.00 for someone who applies for the ID, the cost will be covered. I also know the

Fact Sheet 164-4

Veterans Identification Card

The Department of Veterans Affairs (VA) provides eligible Veterans a Veterans Identification Card (VIC) for use at VA Medical Facilities. The VIC Card protects the privacy of Veterans' sensitive information, as it no longer displays the Social Security Number or Date of Birth on the front of the card. The VIC Card will only display the Veteran's name, picture, and special eligibility indicators – Service Connected, Purple Heart and Former POW, if applicable, on the front of the card. Only Veterans who are eligible for VA medical benefits will receive the card.

How To Receive A VIC

Once the Veteran has their picture taken for the VIC Card at the VA Medical Facility, the card will be mailed to the Veteran within 7-10 days after the Veteran's eligibility has been verified. To ensure the VIC Card is received at the appropriate address, it is important that the Veteran's address is verified and the correct address is entered in the VistA computer system. If the U.S. Postal Service cannot deliver the card, it will be returned to the facility where the Veteran requested the card.

Purpose Of VIC

The card is only for the purpose of identification and check-in for VA appointments. The VIC Card cannot be used as a credit card or an insurance card, and it does not authorize or pay for care at non-VA facilities. Veterans should safeguard their VIC Card similar to other identification cards that contain personal information.

Security of VIC

Veterans are warned to keep their VIC Card safe and secure. Some bar code readers, including those available as applications on cell phones, can scan the bar code on the back of the card, and reveal the Veteran's name and social security number. This could make the Veteran subject to identity theft if the card is lost or stolen.

What To Do If The Card Is Lost Or Stolen

Veterans should contact the VA Medical Facility where they took their picture to request a new card be re-issued. Since the photo is retained, there is no need for the Veteran to go to the VA to retake a picture for the card. Identifying information such as name and other information will be asked to assure proper identification of the caller.

Replacement Of The Old VIC

The new VIC Card was introduced in 2004 to reduce Veteran vulnerability to identity theft and to demonstrate the VA's commitment to securing the confidential personal information of enrolled Veterans. Veterans with the old and outdated version of the VIC Card (which displays the Social Security Number and the Date of Birth), must replace the card with the new card. Veterans with the old card should report to their local VA Medical Facility to have a new card issued.

What To Do With The Old VIC?

The old VIC Card should be disposed of in a secure manner by cutting up the card or shredding the card.

What Should The Veteran Do If They Do Not Receive The Card In The 7-10 Day Timeframe?

The Veteran should contact the local VA Medical Facility where the card was requested or call VA at 1-877-222-VETS (8387).

Does The VIC Have Other Users?

The card cannot be used as a credit card or an insurance card and it does not authorize or pay for care at non-VA facilities.

Military Care Package

Legislature Approves Cooper's Veterans Assistance Measures

Just in time for Memorial Day, the Suffolk County Legislature (at their May 15th General Session) unanimously approved two resolutions sponsored by Majority Leader Jon Cooper (D-Huntington) that will help the brave men and women of Suffolk who have served in our military. Along with a measure Cooper sponsored earlier this year that provides veterans with discounts to county parks, armed service members are applauding his "Military Care Package."

Under the two new laws that Cooper championed, veterans will no longer have to pay civil service examination fees and will be able to apply for a county-issued Veterans Identification Card. As they finish their careers in the military, the waiving of test fees is expected to attract new veterans to work for the county, especially in the various law enforcement agencies.

Tom Ronayne, director of the county's Veterans Services Agency (VSA), says almost 120,000 vets call Suffolk their home, far more than any other county in the state.

The VSA will also be offering a free, county-issued Veterans Identification Card. ID cards and membership cards in various veterans organizations (VFW, American Legion, AMVETS) are not official proof of service. Only the card issued by the U.S. Department of Veterans Affairs (VA) or a copy of veteran's discharge papers (DD Form 214) are considered universally acceptable. Establishing proof of service is key to ensure that veterans get all the benefits they are entitled to.

Of course, the ability to obtain valid ID cards isn't the only reason for Suffolk vets to contact the VSA. VSA service officers are trained to resolve eligibility questions and help vets navigate through the complicated world of government red tape and will become a valuable resource to helping veterans access the full measure of their benefits.

"These steps by the Suffolk Legislature should increase awareness among veterans about local benefits that are independent of the VA," says Huntington native and Marine Sgt. Josh Hirschhorn, who recently returned from a deployment to Fallujah after serving with the 1st Battalion, 25th Marines, Regimental Combat Team 5. "Separate IDs will provide those who have not enrolled in the VA system with an avenue to utilize available benefits."

Along with the new county ID cards, vets will still be able to use a copy of their discharge papers (DD Form 214) or their current military ID to get the parks discounts and fee waivers. Vets can obtain the newly offered ID cards by calling Suffolk County's Veterans Services Agency at (631) 853-VETS (8387).

The parks discounts are identical to those already given to senior citizens. There are currently 14 major county parks, totaling over 47,000 acres. Of those parks, 11 charge admission.

"The brave men and women in our armed forces were willing to risk their lives for a 'way of life' most of us forget to appreciate," says Cooper. "This is just a small way of saying we here in Suffolk County are truly grateful for their service."

Cooper will shortly be introducing new legislation that will extend his "Military Care Package" to active duty and activated military personnel.

Military Discounts Offered by These Merchants

Many merchants offer military discounts in recognition and appreciation of the debt we owe to our military members and their families. In a [recent post](#) on [SpouseBuzz](#), [airforcemate](#) lamented the fact that her local Home Depot store no longer honors a military discount (it's up to each individual store).

So we provide this list of merchants who offer discounts to military members and military families.

We ask you to help us build a comprehensive list where other military families can find businesses that recognize the sacrifices our military families make, and express their thanks in the form of a military discount, however large or small. We can express our appreciation of that recognition by choosing these merchants for our business. You can **submit companies offering military discounts** using the form at the bottom of this page.

As those who posted comments to [airforcemate's](#) post indicated, **it's not the amount of the discount that matters** as much as the fact that there IS a discount offered, an acknowledgment of the quiet sacrifices our military members and their families make on a daily basis.

Everyone likes to be appreciated, and our military spouses are no exception. They quietly go about their daily lives, and unless you're another military spouse, you're unlikely to ever hear them mention a complaint.

So, if you ARE part of a military family, please accept our gratitude, and enjoy the discounts offered by the businesses listed here. And

Remember, especially when you're dealing with **hotels**, that their **military rate may not be the lowest rate**. Many hotels in locations with a large number of military guests will set their military rates at the per diem rate for that location. Sometimes, you may find a AAA discount, AARP discount (for retirees), or other special promotion rate that is less than the military rate (especially on weekends). So don't just assume that the military rate is the lowest -- **ASK!** Sometimes, the hotel reservations clerk will tell you there's a lower rate available, but not always. So just make it a habit to ask if the military rate is the lowest available rate, or if there's some other discounted rate for which you might qualify.

And if you're traveling with your family, remember that you'll **save money by staying in hotels that offer free breakfasts**, such as Courtyard by Marriott and others.

If you're NOT part of a military family, please take every opportunity to thank those who are. Their families endure hardships you would never even think of, so that your family can enjoy all the benefits of being American. Let them know you appreciate that, and their quiet courage.

LOWE'S EXPANDS SUPPORT OF THE MILITARY WITH YEAR-ROUND DISCOUNT

***10 Percent Discount for Active, Reserve, Retired and Disabled Military Personnel
and Immediate Family Members***

MOORESVILLE, N.C. – Lowe's Companies, Inc. announced today it will expand its support of the military by offering an all day, every day 10 percent discount to all military personnel who are active, reserve, retired or disabled veterans and their family members, with a valid, government-issued military ID card.

All other military veterans will receive the discount on the Memorial Day, Fourth of July and Veterans Day weekends.

"Lowe's was founded on the heels of World War II by veterans Jim Lowe and Carl Buchan and has always been a supporter of the military," said Larry D. Stone, Lowe's president and chief operating officer. "The year-round discount program is one way we are reaffirming our commitment to the thousands of men and women who are serving throughout the world, as well as their family members at home."

The discount is available on in-stock and Special Order purchases up to \$5,000. Excluded from the discount are sales via Lowes.com, previous sales, and purchases of services or gift cards.

While Lowe's has had a military discount program in the past during select times of year, the new policy will allow those who are serving to benefit from the discount whenever they need it the most.

Participating retailers offer discounts under new county program

By Jim Planck

Hudson-Catskill Newspapers

Published: Tuesday, May 25, 2010 2:15 AM EDT

CATSKILL — Veterans who would like to receive a discount when they spend money now have the opportunity to do so, thanks to a brand new program from Greene County Clerk Michael Flynn and Greene County Veterans Service Agency Director Jack Van Loan.

Greene County's "Return the F.A.V.O.R." program went into operation Monday, and allows veterans to get discounts at six

participating retailers, with, says Flynn, hopefully many more to come.

The "favor" in "Return the F.A.V.O.R." Discount Program stands for "Find & Assist Veterans of Record," and a special window poster will identify each merchant who participates in the program.

"It's a way that our county can recognize the service and sacrifices made by our returning veterans," said Flynn. "It will provide an opportunity for retailers to recognize veterans and to improve their foot traffic."

Flynn said the six start-up members are GNH Lumber, Inc., Lowe's Home Improvement Warehouse of Catskill, Home Depot, The Executive Connection, and Pomodoro's.

"They are the charter members for providing discounts to veterans," said Flynn, "and will recognize the Greene County Veterans ID Card."

"The card will be provided to honorably discharged veterans," he said, adding that it is available at the County Clerk's Office.

"The County Clerk's Office is a place where important documents are filed," said Flynn, "and it's a goal to have returning veterans file a copy of their separation papers from military service here."

"As a veteran," he said, "I am aware that some Greene County retailers were providing discounts to Greene County veterans, and also that some veterans did not have the ability to show that they were veterans."

"So," he explained, "in conjunction with filing your separation papers, the Clerk's Office will furnish a veteran's photo ID card."

Flynn said he similarly encourages veterans to consider

membership in their local veterans organization.

Regarding the county's new veteran's ID card, he explained, "It's easiest just to bring in a copy of your DD-214 and file it, which is free -- and the cost of the card is \$5, which is strictly to cover the cost of staff and material expenses."

"And to maintain the integrity of the program," said Flynn, "the card is not reproducible, and is only issued upon filing of a DD-214, along with showing a photo ID."

"Also, the DD-214 is private information to the filer only," he said.

"I became aware of the fact that some counties in New York State had this program in place, and that it became a very successful opportunity for retailers to show their appreciation to veterans for their service," said Flynn, "as well as an opportunity for veterans to patronize these retailers."

"In this geographic area, Rockland County has probably had it for a year already," he said. "It's smart business, and it helps the veterans at the same time."

"We expect over time to grow into a wide program," Flynn said.

Although comparing the scope of Greene County's business community to Rockland's is certainly disproportionate, it should be stated that Rockland's on-line list of participating retailers easily tops 300 facilities, showing both the worth and the success of the program.

Participating retailers will be listed on the Greene County Clerk's website, along with any special conditions, such as discount days.

"Retailers have the option of selecting not only the amount of the discount," said Flynn, "but the days they feel it would be most advantageous for them."

Discount levels are predetermined by each business, with standard selections noted as ranging from 10 thru 25-percent, but there is also a spot for designating a percentage "other" than one of those.

Flynn said he anticipates posting Greene's program information on the County Clerk's website early this week, if not on Tuesday.

It will include both an open letter to retailers explaining the program, and inviting their participation, as well a Merchant Application Form.

There will also be a link on the Greene County Veterans Service Agency website.

"Also," he said, "because other cards will be honored (in the program) — such as if veterans have been issued a Veterans Administration card, current military ID card, or a retiree ID card — there is no essential need for them to apply immediately for a County Veterans ID card, as it would probably be advisable to wait a period until the Greene County card is put forward to Greene County veterans who have no other form of veteran ID to participate in the program."

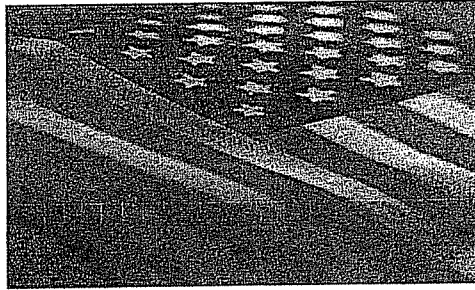

This would basically keep a backlog of card applications from immediately occurring now that the program is up and running.

"The program is being run by the Clerk's office without additional staffing," Flynn said.

Hours of operation for the program are 9 a.m.-1 p.m., Mon-Fri., at the Greene County Office Building, 411 Main Street, Catskill.

For questions or more information about the Return the F.A.V.O.R. Program, call the Greene County Clerk's office at (518) 719-3255.

Mercer County Photo ID Cards Available For Military Veterans

psollamicovello@mercercounty.org

As Veterans Day approaches, Mercer County Clerk Paula Sollami Covello reminds U.S. Military veterans residing in Mercer County that they may now obtain a county photo identification card that also designates their status as a veteran. The low cost identification card is available to all Mercer County veterans in acknowledgement of their service to the United States of America.

The requirements for a Mercer County ID card are:

- Must be a Mercer County resident for at least 6 months.
- Must produce the following:
 - A valid birth certificate with a raised seal or a naturalization certificate.
 - A valid NJ Motor Vehicle License or voter registration card or, lease agreement.
- To have their US military veteran status designated on the ID card, veterans must also produce or register their DD-214 honorable discharge papers with the County Clerk's Office.

"ID cards are available to veterans at a reduced fee of \$10.00, half the County's standard price for an ID card and filing their DD-214 form is free of charge to all honorably discharged Mercer County Veterans," said Clerk Sollami Covello. "Because military papers can get damaged or lost, veterans should take advantage of the opportunity to file copies of their DD-214 discharge papers with the Clerk's Office," said Sollami Covello, whose office maintains and preserves official documents and records for Mercer County. "If a copy of their discharge papers are needed in the future, a veteran, an immediate family member or a legally recognized representative of their estate may obtain one with proper identification," noted Sollami Covello.

A Certificate of Release - Discharge from Active Duty, or DD 214 Form for short, is generally issued when a service member is honorably discharged from active military duty. The

document contains information normally needed to verify military service for benefits, retirement, employment, and membership in veterans' organizations.

Veterans can receive their reduced price photo ID card by visiting the Mercer County Clerk's Office located in the Old Courthouse at 209 South Broad Street in Trenton. The Clerk's Office is open from Monday to Friday 8:00 am to 4:00 pm and Wednesdays until 6:30pm.

For further information on how to obtain a Mercer County photo identification card, call 609-989-6473.

Get Veterans ID card photos taken tomorrow and Wednesday in Superior

Published 01/04/2010, Pine Journal

The Business Office staff from the Minneapolis VA Medical Center will be available at the Twin Ports VA Outpatient Clinic in Superior to take photos for Veterans Identification Cards (VIC). Having this card, among other benefits, allows service-connected veterans free public sponsored transportation (i.e, DTA Buses, Minneapolis/St. Paul buses, and the train in the Twin Cities as well), according to Duane J. Brownie, Carlton County veterans service

County Clerk will soon issue veteran ID cards

Starting early next month, veterans will be able to file their military discharge paperwork (DD-214) at the County Clerk's office and get an Oneida County Veteran ID Card to show to merchants who give discounts to veterans.

In New York State, the County Clerk's Offices are the only official repositories for the form DD-214 (Military Discharge Paperwork), said County Clerk Sandy DePerno.

"Filing this form in the clerk's office assures the veteran that their record of service is preserved forever," she said, adding "In return for filing, the veteran will receive a card that provides proof that they filed their discharge with the County Clerk's Office. Participating county merchants have agreed to honor the card and provide veterans with discounts on purchases of merchandise and services."

County Legislator Fred Sadallah said, "Times are difficult for both our veterans and our local business owners."

"Veterans can always use a little off on their bill to help make ends meet and I'm sure the businesses could always use more customers." said DePerno. Legislator Sadallah also said, "I am always looking for ways to help our veterans who have 'given us so much'".

This program is supported by private donation and at no expense to the Oneida County taxpayer, DePerno and Sadallah said.

Union County Clerk Offers ID Cards to Veterans

As Veterans Day approaches, Union **County Clerk** Joanne Rajoppi would like to remind veterans living in Union County that they can receive their free military discharge identification cards at the County Clerk's office. The wallet-size card is honored as proof of service in the United States Armed Forces. It can assist in receiving educational benefits, death benefits, licenses, and the property tax rebate.

"On Veterans Day, we rightfully honor the men and women who selflessly served in our Armed Forces," Rajoppi said. "This ID card service is just one way to say thank you and make veterans' lives a little easier."

The identification cards are available to veterans whose Certificate of Honorable Discharge and DD 214 forms are recorded at the Union County Clerk's office. Benefits from honorable military service are limited to the veteran and their spouse, parents, children, heir or personal representative.

"The distinctive red, white and blue cards have a raised seal certifying proof of recording from the Clerk's office," Rajoppi added.

If a veteran's discharge papers have never been recorded, the original document must be presented at the Union County Clerk's Office. Documents will be recorded in the Union County Veterans' Index and the original will be returned to the veteran. Photocopies of Honorable Discharge or DD 214 documents cannot be accepted for recording. If the original documents are lost, veterans can write to the National Personnel Records Center, Military Personnel Records, 9700 Page Blvd., St. Louis, Missouri 63632. Those who have already recorded their documents in the Clerk's office can call the office for additional information.

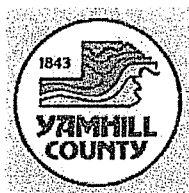

"All veterans can be assured that access to their discharge papers is limited and available only to the veteran, his/her mother, father, wife/husband, brother, sister, child, heir or personal representative," Rajoppi said. "Veterans' documents are archived in a secure area and they are not accessible to the public."

The County Clerk's Office is located in the Union County Courthouse at 2 Broad Street, Elizabeth.
Office hours are from 8:30 a.m. to 4:30 p.m. Monday through Friday.
If additional information is needed, please call **(908) 659-7403**.
